

County suspends permit for local EMT

**(KNZA)--The Brown County Commission has voted to suspend for six months the emergency vehicle permit for a local volunteer EMT.**

**The Commission took the action Monday after County Attorney Kevin Hill reviewed a Hiawatha Police Department report concerning an October 31 incident involving Jeremy Stover. Hiawatha Police Chief John Defore joined the meeting by phone.**

**Stover was issued a citation by the Police Department for allegedly activating the emergency lights and siren on his private vehicle when he was not responding to an emergency call.**

**Stover requested that he be allowed to keep his permit.**

**The Commission said they will review the permit in six months and determine if it should be reinstated. In the meantime, the Commission requested that Stover take a lights and sirens class.**
