COVID-19 percentages on the rise in Richardson County

(KLZA)-- Community Medical Center in Falls City reports fewer tests were conducted for COVID-19 at the hospital between November 14 and 29, but the percentage of positive tests is up.

For the previous two-week period the rate of positive tests was 19.6 percent among the 312 tests conducted.

Between November 14 and 29, there were 254 tests with 24.5 percent of those tested, or 63 of the 254, testing positive for COVID-19. There are 39 tests pending.

Overall since testing started at CMC there have been 5,774 test with 15.9 percent or 918 having positive results for COVID-19.
